

NeutralPosture

icon™

icon

In our modern world, working 'better' means being smarter, adaptable and more productive. Icon, from Neutral Posture, is the clean, elegant solution for task seating in today's high functioning office environment.

The three adjustment levers control height, synchro-tilt and seat sliding position. The finished seat bottom shell conceals the mechanism allowing a clean, sleek aesthetic. Icon is available in armless, 1D or 3D arm styles. The arm adjustment is located on the inside of the arm, maintaining the clean, design aesthetic. 3D arms adjust in three directions – height, depth and width.

The sleek, responsive elegance of the Icon chair is also available in a stool with a polished aluminum base or with Neutral Posture's unique NeXtep®.

The soft gray frame with black accents coordinates with today's light, bright environments.

- 1 Adjustable and removable lumbar support
- 2 Removable coat hanger
- 3 3D arm with concealed adjustment
- 4 Height and seat slider control
- 5 Auto tension control
- 6 Patented NeXtep® stool base
